**RE: 2ND NOTICE FOR 2004 HAZARDOUS WASTE ANNUAL GENERATOR FEE ASSESSMENT  
FOR REPORTING YEAR 2003**

Enclosed is a second invoice for your year 2003 Hazardous Waste Generator Registration. As your payment is past due, you will note a late payment charge on the invoice. We are required to assess a late payment charge of 10 percent of the fee, plus interest on the fee computed at the interest rate established under 75-2-220 (5)(a)(i), MCA for all fee payments received later than sixty days after the billing date [ARM 17.53.113(d)].

Please be advised that "neither small generators nor large generators, as defined under ARM 17.53.111, may accumulate, treat, store, dispose of, transport, or offer for transportation hazardous waste without having current registration with the department" [ARM 17.53.111(1)].

The Waste and Underground Storage Management Bureau Program has assessed the 2004 Hazardous Waste Annual Generator fee for your facility. Pursuant to the Administrative Rules of Montana (ARM) 17.53.113 an annual generator fee must be submitted to the Montana Department of Environmental Quality by each hazardous waste generator not exempted under ARM 17.53.111 for the entire previous calendar year.

The amount of the fee is based on the actual amount of hazardous waste generated during the calendar year 2003. The fee consists of a minimum administrative fee of \$95.00 plus \$1.00 per ton for all regulated hazardous waste generated in 2003. The \$1.00 per ton fee is assessed only if the amount of regulated hazardous waste generated is equal to or greater than 13.0 tons.

If you have any questions, please call or write me at (406) 444-6762, Department of Environmental Quality, Waste and Underground Storage Management Bureau, Hazardous Waste Program, P.O. Box 200901, Helena, Montana 59620-0901. For proper credit to your account, please enclose the bottom portion of the invoice with your payment. For your use in federal reporting information, the Montana State Tax identification number is 81-0302402.

Sincerely,

Vicki Woodrow

Subject: Department of the Army Permit to Other Federal Agency No. DACW67-4-02-60  
Libby Dam & Lake Koocanusa Project

Dear Mr. Nguyen:

This is a termination notice regarding subject permit, which grants EPA the right to remove 7000cubic yards of rip rap and restoration thereafter upon Department of the Army Corps of Engineers quarry site located at Fisher River Quarry, Libby Dam & Lake Koocanusa Project, Montana.

Above referenced permit expired of its term January 31, 2004. Per your conversation with Charlie Comer of our office, it is our understanding the removal of rip rap and restoration have been completed and a current permit is not required.

Should it becomes necessary for future removal, please coordinate such request with Mr. Richard Wernham, Park Manager of Libby Dam Project Office at (406) 293-5577 extension 251. If you have any questions or concerns regarding this notice, please contact the undersigned at (206) 764-6088 or via email at [claire.k.wilson@usace.army.mil](mailto:claire.k.wilson@usace.army.mil).

Sincerely,

Claire K. Wilson

**SUBJECT:** 2<sup>nd</sup> Notice for Hazardous Waste Annual Fee Assessment for Reporting Year 2003

Dear Mr. Nguyen,

Attached is a copy of the 2<sup>nd</sup> Notice for 2004 Hazardous Waste Annual Generator Fee Assessment that was sent out in August. There is concern that some of the facilities did not receive this notice, therefore we are following up with this letter and including copies of the original letter and invoice for your review.

Thank you for your cooperation and we apologize for any inconvenience this may have caused you. If you have any questions, please feel free to contact me at 406-444-6762 or via email at [vwoodrow@state.mt.us](mailto:vwoodrow@state.mt.us).
